PART 1010—SUSPENSION ORDERS [Suspension Order S-768, Amdt. 1]

J. BAKER BRYAN

J. Baker Bryan of 7830 Laura Street, Jacksonville, Florida, during the months of September and October 1944 did construction without authorization from the War Production Board on his property known as the "Windmill" restaurant and night club located nine miles south of Jacksonville, Florida, on the Phillips Highway. Suspension Order No. S-768 was issued against J. Baker Bryan on April 24, 1945. In view of the amendment of May 29, 1945 to Order L-41, the Chief Compliance Commissioner has directed that the suspension order be amended to allow additional construction up to but not exceeding \$5,000.

In view of the foregoing, it is hereby ordered, that: § 1010.768 Suspension Order No. S-768 issued April 24, 1945, be amended by the substitution of the following paragraph (a) for the present paragraph (a):

(a) Neither J. Baker Bryan, his successors or assigns, nor any other person, shall do any construction on the premises known as the "Windmill" restaurant and night club, located nine miles south of Jacksonville, Florida, on the Phillips Highway, including putting up or altering the structure located on said premises, except that J. Baker Bryan may do

additional construction on the property known as the "Windmill" so that the construction begun in September 1944 may equal a cost of \$5,000 but may not exceed that amount, unless hereafter specifically authorized in writing by the War Production Board.

Issued this 26th day of July 1945.

SAN HYGENE UPHOLSTERY CO.

Suspension Order No. S-812 was issued on June 9, 1945 against the San Hygene Upholstery Company, engaged in the manufacture of living room, dining room, and juvenile furniture.

The suspension order provided that during the effective period of the order, the San Hygene Upholstery Company, its successors or assigns, shall reduce its use of wood in the manufacture and crating of furniture by 20,000 board feet per calendar quarter below the amount of wood it otherwise would be permitted to use under the provisions of Limitation Order L-260-a, a total reduction in permitted usage of wood during this period of 80,000 board feet. In view of the revocation on July 21, 1945 of Limitation Order L-260-a, the Chief Compliance Commissioner has directed that Suspension Order No. S-812 be revoked.

In view of the foregoing, it is hereby ordered, that: § 1010.812 Suspension Order No. S-812 be revoked.

[Suspension Order S-852]

SWEETHEART BAKERY CO.

Sweetheart Bakery Company of Fargo, North Dakota, is a corporation engaged in the manufacturing and sale of bread and bakery products. During the section and fourth quarters of 1944 and the first quarter of 1945, respondent exceeded its permitted use of fibre shipping containers. Respondent thus violated Order I-317. Its violations have diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.852 Suspension Order No. S-852. (a) Respondent shall reduce its use of new fibre shipping containers for the third and fourth quarters of 1945 in the following amounts:

~.		int of on from ota	Permit after of tion for me	герзу-

Provided, That if respondent chooses to reduce its third quarter usage by a larger amount than is herein provided, it may so do and thereby to such extent it will reduce the balance to be repaid or deducted for the fourth quarter of 1945; Provided, That in no event shall the reduction from quota for the third quarter be less than above specified.

(b) Nothing contained in this order shall be deemed to relieve Sweetheart Bakery Company from any restriction, prohibition, or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(c) The restrictions and prohibitions contained herein shall apply to Sweetheart Bakery Company, Fargo, North Dakota, its successors and assigns, or persons acting in its behalf.

(d) This order shall take effect on July 26, 1945.

Issued this 19th day of July 1945.

> PART 1010-SUSPENSION ORDERS [Suspension Order S-865]

THE DAY PUBLISHING CO., INC.

The Day Publishing Co., Inc., a corporation organized under the laws of the State of New York, with its principal office and place of business within the City of New York, is engaged in publishing a newspaper called "The Day." During the period commencing January 1, 1943, and ending March 31, 1945, it used, or caused to be used in the publishing of that newspaper, a substantial amount of print paper in excess of its authorized quota, in violation of Limitation Order L-240 and amendments thereto. This overconsumption was in the main due to the error of that publisher in calculating its quota without taking into account a six-month period during the year 1941 (the base consumption period) during which its use of paper dropped by about 25 per cent on account of a jurisdictional strike over which it had no control.

This violation has diverted scarce materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.865 Suspension Order No. S-865. (a) The Day Publishing Company, Inc., its successors or assigns, during each of the third and fourth quarters of 1945, shall not use or cause to be used in the publication of "The Day," or any other newspaper, more than 390 tons of print paper and shall not carry over into subsequent quarters any less-than-quota use during those quarters.

(b) Nothing contained in this order shall be deemed to relieve The Day Publishing Company, its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions thereof.

Issued this 27th day of July 1945.

INTERPRETATION 1

EFFECT OF RATINGS ON EQUITABLE DISTRIBUTION

Paragraph (b) (7) of this order, the socalled equitable distribution clause, does not excuse filling of rated orders. This clause prohibits discrimination between customers who meet established prices, terms and credit requirements but it does not override Priorities Regulation No. 1, which requires, subject to the conditions set forth, that all rated orders be accepted and that preference be given to orders carrying higher ratings over those with lower ratings.

The particular types of leather specified by preference rated orders must he delivered unless the leather cannot be produced from the hides or skins available to the tanner or the tanner is excused or prevented from filling the order by a regulation, order or direction of the War Production Board. If a rated order is placed for military quality leather, this order may not be filled with civilian quality leather. (Issued Apr. 11, 1944.)

INTERPRETATION 2

OFRA AND UNERA ORDERS NOT WITHIN DEFINITION OF "MILITARY ORDER"

"Military order" as defined in paragraph (a) (5) does not include orders for delivery against contracts placed by the Office of Foreign Relief Administration or the United Nations Rehabilitation and Relief Administration, or orders for hides, skins or leather for incorporation in products to be delivered against such contracts. (Issued April 15, 1944.)

[F. R. Doc. 45-13815; Filed, July 27, 1945; 11:08 a. m.]

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-328B, Schedule D, as Amended July 27, 1945]

SPECIAL PROGRAM FOR COTTON FABRICS FOR NURSES' UNIFORMS

§ 3290.120d Schedule D to Order M-328B-(a) Explanation. This schedule states the special rules in addition to those set forth in Order M-328B for manufacturers of student and graduate nurses' uniforms made of cotton fabrics to get an AA-2X and an AA-3 preference rating for fabrics to make the items listed in this Schedule. Priorities assistance granted under this schedule will be in addition to any granted under Supplement XI of Schedule A of M-328B. Therefore manufacturers who have received authorizations under that supplement must file applications under this Schedule for whatever additional fabrics they need to participate in this Program in the third quarter of 1945.

(b) Definitions. (1) "Fabrics," unless otherwise designated, means a woven fabric 12 inches or more in width.

(2) "Cotton fabric" means any fabric containing less than 25 percent wool by weight but of which the remaining fibers are 50 percent or more cotton by weight.

(3) "Cotton item" means an item of which more than 50 percent of the fabric yardage incorporated in it, exclusive of linings, binding and trimmings, is cotton fabric.

(c) Special requirements for obtaining priorities assistance. (1) Three copies of Form WPB-3732 Revised must be filed in making application for priorities assistance under this schedule, in accordance with the rules stated in paragraph (c) of Order M-324B.

(c) of Order M-328B. (2) A base period manufacturer who files Form WPB-3732 Revised for the third calendar quarter of 1945 by August 11, 1945, may, as soon as he files his application, apply an AA-2X rating for the purchase of Class A sheeting, and an AA-3 rating for the purchase of other cotton fabrics for delivery in that quarter for incorporation into the cotton items for which application is made. He may do so only for an item he made in the base period and only for 25% of the yardage of fabrics he used in the base period with respect to any item. Cotton fabrics purchased under this provision shall be deducted by the manufacturer from the total quantity for which priorities assistance is ultimately granted on Form WPB-3732 Revised. If the applicant does not ultimately receive a grant of the entire quantity thus rated, he shall, upon. notification of his grant by the War Production Board, immediately cancel orders for any undelivered quantities which are in excess of his grant.

(3) [Daleted July 27, 1945.]

(4) A manufacturer receiving an allocation for Item No. 1 of section (A) or Item Nos. 1 or 2 of section (B) of the preference rating schedule for any quarter must subtract from his rated quota for Item A-56 under Order M-388A the total yardage of fabrics for which priorities assistance is granted under this schedule to determine the quantity of fabrics which he may purchase with an AA-4 rating under his M-388A rated quota in that quarter. In the event that the quantity of fabrics for which an AA-2X or an AA-3 rating authorized under this schedule is in excess of his AA-4 rated quota in M-388A, the manufacturer may not, during that quarter, use an AA-4 rating under the provisions of M-388A for Item A-56.

(d) General provisions. (1) Preference ratings assigned under this schedule may be used only to get the particular fabrics shown in the Fabric Column of the preference rating schedule to make

the cotton items specified.

(2) If applications are received for rated quotas in an amount for any item in excess of the yardage allotted for that item, the rated quotas will be assigned in proportion to the manufacturer's production of the particular items during the base period.

(3) If the manufacturer did not produce or have produced for his own account in the base period the item for which application is made, he must comply with the provisions of paragraph (c)

(6) of M-328B.

- (4) The minimum linear yardage which shall be incorporated in each dozen of the item for which a grant is made, shall in the case of a base period manufacturer, be no less than the amount used by him for the production of the same item in the base period. In the case of persons who did not manufacture the item in the base period the minimum linear yardage of fabric per dozen shall be the product of the total yards of each fabric authorized, divided by the number of units authorized in the grant by the War Production Board:
- (5) Manufacturers may file with the Textile, Clothing and Leather Bureau, War Production Board, Washington 25, D. C., Form WPB-2842 to obtain priorities assistance for sewing thread, narrow selvage edge tape, and Form WPB-541 for metal fasteners in the quantities required for incorporation into the numbers of each item for which application is made on Form WPB-3732 Revised. Such requests will be granted to the extent that materials are available and to the extent that priorities assistance is granted for the production of the items applied for.
- (6) Manufacturers who did not produce the item applied for in the base period and cannot, therefore, comply with paragraph (f) (5) of M-328B, shall specify in the "Remarks" section of form WPB-3732 Revised the assortment of sizes per dozen for each size range for which application is made. He must comply with the size ranges and assortments of sizes which the War Production

Board specifies in its grant of priorities assistance.

(7) Student nurses' uniforms manufactured under this schedule may be sold only to hospitals or nurses' training schools; or to persons who furnish substantially the following certification on their purchase orders:

[Limitation Order L-1-E, as Amended July 27, 1945]

MOTOR TRUCKS AND TRUCK-TRAILERS

The fufilment of requirements for the defense of the United States having cre-

ated a shortage in the supply of rubber, steel and other materials entering into the production of motor trucks and truck-trailers for defense, for private account and for export, the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3292.1 Limitation Order L-1-E-(a) Definitions. For the purposes of this order.

(1) "Motor truck" means a complete motor vehicle, or the chassis thereof, designed for operating entirely or in part on rubber tires for use either on or off the public highways in the military or commercial transportation of materials or persons. The term "Motor truck" does not include integral motorized fire equipment, integral buses or automobiles as defined in Limitation Order L-2-G, paragraph (a) (1).

(2) "Truck-trailer" means a complete full-trailer or semi-trailer, or the chassis thereof, having a load-carrying capacity of 10,000 pounds or more, designed for military or commercial transportation of materials or persons. The term "truck-trailer" does not include integral trailer

buses.

(3) "Person" means any individual, partnership, association, business trust, corporation or any organized group of persons whether incorporated or not.

(b) Limitation on production of motor trucks or truck-trailers. No person shall produce any motor trucks or truck-trailers except as specifically authorized in writing by the War Production Board.

- (c) Production with priorities assistance. Priorities assistance, in the form of allotments of controlled materials and preference ratings for the purchase of other materials and components, will be given for the production of a definite number of motor trucks or truck-trailers according to approved War Production Board programs. In determining the number of nonmilitary vehicles which each producer will be authorized to make with priorities assistance an equitable assignment of quotas will be made. The assignment of quotas for the production of motor trucks or truck-trailers with priorities assistance will not be dependent upon any applicant having been engaged in the production of trucks or truck-trailers at some previous time.
- (1) Any person wishing an authorization to produce non-military motor trucks or truck-trailers with priorities assistance shall apply by letter to the Automotive Division, War Production Board, stating (i) the number of trucks by weight class or the number of trailers by type, as the case may be, and (ii) the period within which such vehicles are to be produced.

(d) Production without priorities assistance. In addition, any person wishing to produce non-military motor trucks or truck-trailers without priorities assistance may apply for authority to do so as explained in Priorities Regulation 25.

(e) Changes in authorizations. The War Production Board may revoke or modify any authorization provided for in paragraph (b), notwithstanding any other order, preference rating, directive or regulation of the War Production Board or other governmental agency.

(f) No duplication of orders for materials. No person authorized to produce trucks or truck-trailers shall place any order with one or more suppliers for a total quantity of any material or components in excess of his actual requirements to fill his production schedule.

(g) Vehicles for civilian use to be subject to General Order ODT-42, effective July 1, 1944. All motor trucks and truck-trailers produced under the terms of this order, except those produced on orders for the United States Army or Navy, will be subject to the provisions of the Office of Defense Transportation Order ODT-44, effective July 1, 1944, and amendments thereto.

(h) Reports. Any person receiving an authorization to produce military or non-military motor trucks and any person receiving an authorization to produce military truck trailers shall report his production and forecasts of production on or before the third day of each month on Form WPB-4291 (formerly GA-1188). Any person receiving an authorization to produce non-military truck trailers shall report his production and forecasts of production on or before the tenth day of each month on Form WPB-3972 in accordance with instructions accompanying the form. Persons so authorized may be required to file additional reports subject to the approval of the Bureau of the Budget.

The data for the reports on Form WPB-4291 covering military and nonmilitary truck production and military trailer production will be secured by an Automotive Specialist of the War Production Board on or before the third day of each month from each truck and trailer producer. The truck or trailer producer himself will not be obligated to file Form WPB-4291, as the actual filing with the War Production Board will be done by the Automotive Specialist who secures the data: Each producer, however, is required to furnish to the Automotive Specialist the data on production and forecasts of production called for by the form.

The data for the report on Form WPB-3972 covering production and forecasts of production of non-military trailers will be filled in on the form by the truck trailer producer himself and the form must be filed by him each month with the Automotive Division, War Production Board, Washington 25, D. C., in accordance with the instructions accompanying the form.

These reporting requirements have been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, materials under priority control and may be deprived of priorities assistance.

(j) Communications. All communications concerning this order shall, unless otherwise directed, be addressed to: Automotive Division, War Production Board, Washington 25, D. C., Ref: Order I-1-E.

Issued this 27th day of July 1945.

REDUCTION OF LIMITS ON RYE TRADING AND NET POSITIONS

NOTICE OF HEARING

Whereas, section 4a of the Commodity Exchange Act (7 U.S.C. 6a), directs that, for the purpose of diminishing, eliminating, or preventing excessive speculation causing sudden, unreasonable, or unwarranted price changes in any commodity named in the act, the Commodity Exchange Commission shall, from time to time, after due notice and opportunity for hearing, proclaim and fix such limits on the amount of trading which may be done by any person, under contracts of sale of such commodity for future delivery on or subject to the rules of any contract market, as the Commission finds is necessary for such purpose; and

Whereas, there is reason to believe that there should be a reduction of the limits proclaimed and fixed by the Commodity Exchange Commission, December 28, 1938 (17 CFR, Cum. Supp., 150.1), on the maximum amount of rye which any person may buy or sell during any one business day under contracts of sale for future delivery on any contract market and on the maximum net long or net short position in rye which any person may hold or control under contracts of sale for future delivery on any contract

market;

Now, therefore, notice is hereby given that a hearing will be held beginning at 10 o'clock a. m., c. w. t. on August 15, 1945, in Room 338, Chicago Board of Trade Building, 141 W. Jackson Boulevard, Chicago, Illinois, for the presentation of evidence as to (1) what limit should be fixed on the maximum amount of rye which any person directly or indirectly may buy or sell, or agree to buy or sell, under contracts of sale for future delivery on or subject to the rules of any contract market, on any one business day, and (2) what limit should be fixed on the maximum net long or net short position in rye which any person may hold or control under contracs of sale for future delivery on or subject to the rules of any contract market.

Neither of the aforesaid limits will apply to transactions which are shown to be bona fide hedging transactions as defined in section 4a (3) of the Commodity Exchange Act (7 U.S.C. 6a (3)).

FEDERAL POWER COMMISSION.

[Durket No. G-650] El Paso Natural Gas Co. Hotice of application

JULY 26, 1945.

Notice is hereby given that on July 13, 1945, an application was filed with the Federal Power Commission by El Paso Natural Gas Company ("Applicant"), a Delaware corporation with its principal

place of business at El Paso, Texas, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act; as amended, to authorize applicant to construct and operate certain facilities, hereinafter more particularly described.

Applicant owns and operates an integrated natural-gas pipeline system extending from Jal, Lea County, New Mexico, in a general westerly direction across portions of Texas, New Mexico and Arizona to Phoenix and Ajo, Arizona. Among other operations, it purchases natural gas in the Lea County field in New Mexico, and delivers the same to other companies for distribution in numerous communities in Arizona, New Mexico and Texas, and to numerous industrial customers in said States.

The facilities which applicant seeks authorization to construct and operate are the following: (1) a 1,000 H. P. compressor unit at its Jal No. 2 Residue Gas Compressor Station, located 4 miles northeast of Jal, Lea County, New Mexico, increasing the installed capacity at said station from 7,800 H. P. to 8,800 H. P., and taking an additional 7,400 Mcf per day of residue gas from applicant's gasoline absorption plant there located; also necessary equipment for cooling jacket water and for extension to engine room, pipe connections and accessories; (2) an 85%" transmission line, 18.09 miles in length, beginning at a point approximately 6/10ths of a mile northwest of applicant's Morenci Compressor Station in Greenlee County, Arizona, and extending in a northwesterly direction to a point in Graham County, Arizona, replacing applicant's 6%" transmission line between the aforementioned points; (3) a 6%" loop line, 18.09 miles in length, in Graham County, beginning at a point approximately 18.69 miles northwest of the aforesaid compressor station and extending in a northwesterly direction parallel to its present 6%" line; (4) a 4" transmission line, 1,500 feet in length, in Gila County, Arizona, beginning at a point on applicant's 65%" line near Miami, and extending in a northwesterly direction to a point of connection with facilities of International Smelting and Refining Company at Inspiration. The construction of the transmission lines and loop line above-described will increase the present capacity of applicant's line from the Morenci Compressor Station to Inspiration, Arizona, by 4,800 Mcf per day.

By the construction and operation of the above-described facilities, applicant proposes to deliver an additional quantity of natural gas, to the extent of 4,800 Mcf dally, to International Smelting and Refining Company's copper smelter at Inspiration, Arizona. The application recites that the gas to be so delivered will constitute an interruptible load and will not be furnished at a time when to do so will interfere with the requirements of applicant's existing customers. The application further recites that by the construction and operation of the 1,000 h. p. compressor unit at the Jal No. 2 Residue Gas Compressor Station, applicant proposes to take 7,400 Mcf of residue gas per day in addition to the quantity at present taken therefrom; that such additional quantity will not affect applicant's re-

serves for the reason that the same is now being processed by applicant in connection with the production of gasoline at said plant, and is being flared to the air; and that the construction of the proposed new unit will enable applicant to utiliže gas that is now being wasted.

Any person desiring to be heard or to make any protest with reference to said application should, on or before the 11th day of August 1945, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

[MPR 183, Amdt. 30 to Order A-2] PIANO PARTS

ADJUSTMENT IN MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register. and pursuant to § 1499.159b of Maximum Price Regulation No. 188; It is ordered:

Order A-2 issued under § 1499.159b is amended in the following respect:

A new paragraph (a) (13) (ii) is added to read as follows:

(ii) A further adjustment in maximum prices beyond the amounts provided for above may be allowed by the Administrator on application to the Office of Price Administration, Washington, D. C., if the manufacturer can show:

(a) That he has manufactured piano parts since December 7, 1944, and

(b) That his piano parts manufacturing operation has been conducted at a loss for the 90 day period immediately preceding the date of his application and that there is little prospect of profitable operation within the 90 days following the date of his application for adjustment, and

(c) That the manufacturer's maximum prices (including the adjustment provided above) are less than his total costs to make and sell when his volume of production is as high as the availability of materials, labor, supplies, and

plant facilities permit.

The greatest adjustment which will be allowed will be one increasing the manufacturer's maximum prices up to his total costs to make and sell as calculated by the Administrator. The adjustments may be in smaller amounts if it appears that the manufacturer's losses on his piano parts operations are offset in whole or in part by profits resulting from other manufacturing operations. Orders allowing adjustments under this paragraph (a) (18) (ii) shall be effective for a period of 90 days after issuance but may be further extended on application of the manufacturer if it appears that his total costs to make and sell are not below the adjusted prices.

This amendment is effective the 30th day of July 1945.

Issued this 27th day of July 1945.

JAMES G. ROGERS, Jr., Acting Administrator.

For the reasons set forth in the accompanying opinion, and by virtue of the authority vested in me by the Emergency Price Control Act of 1942, as amended, and Executive Order Nos. 9250 and 9328, I find that the issuance of subparagraph (a) (18) (ii) of Order A-2 under Maximum Price Regulation No. 188 is necessary to aid in the effective prosecution of the war.

[MPR 188, Amdt. 2 to Rev. Order 2525]

PIANOS

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously-herewith and filed with the Division of the Federal Register, and pursuant to § 1499.159b of Maximum Price Regulation No. 188 and section 6.4 of Second Revised Supplementary Regulation No. 14; It is ordered, Order No. 2525 is amended in the following respect:

Paragraph (d) is amended to read as follows:

(d) Additional increases for manufacturers. (1) Any manufacturer who believes that his maximum prices, as increased by this order, do not equal his total costs in October 1941 adjusted for increases in straight time factory wage rates and direct and indirect material prices, may apply to the Office of Price Administration, Washington 25, D. C., for an adjustment of his maximum prices. The Administrator will grant an adjustment to any such manufacturer if he finds that the manufacturer's total costs, when adjusted in accordance with the method of adjusting total costs employed by the Administrator in determining the extent of the increase granted to the industry, are higher than the manufacturer's maximum prices established under this order. The adjustment in the manufacturer's maximum prices will be granted in amounts sufficient to permit the recovery of total costs as thus adjusted by the Administrator.

(2) A further adjustment in maximum prices beyond the amounts provided for above may be allowed by the Administrator on application to the Office of Price Administration, Washington, D. C., if the manufacturer can show:

(i) That he has manufactured pianos

since February 26, 1945, and

(ii) That his piano manufacturing operation has been conducted at a loss for the 90 day period immediately preceding the date of his application and that there is little prospect of profitable operation within the 90 days following the date of his application for adjustment, and

(iii) That the manufacturer's maximum prices (including the adjustment provided above) are less than his total costs to make and sell when his volume of production is as high as the availability of materials, labor, supplies and plant

facilities permit.

The greatest adjustment which will be allowed will be one increasing the manufacturer's maximum prices up to his total costs to make and sell as calculated by the Administrator. The adjustments may be in smaller amounts if it appears that the manufacturer's losses on his piano operations are offset in whole or in part by profits resulting from other

manufacturing operations. Orders allowing adjustments under this paragraph (d) (2) shall be effective for a period of 90 days after issuance but may be further extended on application of the manufacturer if it appears that his total costs to make and sell are not below the adjusted prices.

(3) If a manufacturer is permitted a further increase in maximum prices under the provisions of this paragraph, the provisions of paragraph (e) may not be used to compute new maximum retail prices. In such cases, orders will be issued establishing revised maximum prices for sales at wholesale and at retail.

-This amendment is effective the 30th day of July 1945.

Issued this 27th day of July 1945.

James G. Rogers, Jr., Acting Administrator.

For the reasons set forth in the accompanying opinion, and by virtue of the authority vested in me by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, I find that the issuance of paragraph (d) (2) of Revised Order 2525 under Maximum Price Regulation No. 188, is necessary to aid in the effective prosecution of the war.

[Max. Import Price Reg., Order 100]
IRISH IMPEN HANDKERCHIEFS

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 5 of the Maximum Import Price Regulation and section 23 of Maximum Price Regulation No. 580, It is ordered:

(a) Effect of this order. This order provides an adjustment of ceiling prices established by manufacturers under the General Maximum Price Regulation and by retailers under Maximum Price Regulation No. 580 for Irish linen handkerchiefs. Manufacturers thus still remain under the General Maximum Price Regulation, as also do distributors other than retailers, except to the extent that its provisions are inconsistent with this order. Retailers remain under Maximum Price Regulation No. 580, except to the extent that its provisions are inconsistent with this order, but they must figure their ceiling prices as pro-vided herein instead of using their pricing charts under Maximum Price Regulation No. 580. The manufacturers' ceiling prices herein established apply to sales to wholesalers and jobbers as well as to sales to retailers. They also apply to sales by wholesalers and jobbers to retailers or others. This omission of any

markup for wholesalers and jobbers will work no hardship because these distributors are not a factor in the marketing of this commodity.

(b) Manufacturers' maximum prices. The adjusted maximum price at which any manufacturer or any other person except a retailer may sell or deliver, and at which any person may buy or receive from any other person except a retailer, any handkerchief made in the Continental United States from linen imported from North Ireland, shall be the price determined as follows:

(1) If the manufacturer delivered or offered for delivery the same or similar Irish linen handkerchief to retailers during March 1942, his maximum price therefor as established under § 1499.2 of the General Maximum Price Regulation for sale to the same class of retailer may be increased by any amount that the price which he paid his supplier for the linen in the handkerchief being priced exceeds the price which he paid his supplier for the linen in the same or similar Irish linen handkerchief whose delivery or offer for delivery to retailers in March 1942 served to establish his maximum price under § 1499.2 of the General Maximum Price Regulation: Provided, however, That where the manufacturer has himself imported the linen used in the handkerchief being priced, he may not, in making this computation, use a price of such linen in excess of the highest price which he paid his foreign supplier for linen of the same kind and quality during the thirty days prior to August 20, 1943; or, if he made no such purchase, the highest price charged by the foreign supplier to a purchaser of the same class during that period; or, if no such sales were made, the foreign supplier's firm offering price to a purchaser of the same class on August 20, 1943.

(2) If the manufacturer did not deliver or offer for delivery the same or similar Irish linen handkerchief to retailers during March, 1942, or if (in the case of the importing manufacturer) his foreign supplier was not selling or offering for sale the same Irish linen on or during the thirty days prior to August 20, 1943, or if for any other reason the manufacturer cannot compute his maximum price under subparagraph (1) above, his maximum price must be established upon application to the Export-Import Price Branch, Office of Price Administration, Washington, D. C. Such application must (1) identify and describe the handkerchief being priced, (2) give the name and address of the supplier of the Irish linen in such handkerchief, (3) contain a statement of the delivered cost of the linen and the direct labor cost of manufacturing the handkerchief, (4) indicate (where the applicant is the importer of the linen) the price charged or quoted for the same kind and quality of linen by the same foreign supplier (or, if he were not then in the market, by other foreign suppliers) on or during the thirty days preceding August 20, 1943, (5) identify and describe, and state the actual March 1942 cost and sale price, of the Irish linen handkerchief sold or offered for sale to retailers by the applicant in March, 1942 which was most nearly like

the handkerchief being priced, and (6) state a proposed maximum price to retailers for the handkerchief being priced. Such proposed maximum price and the maximum price established by the Office of Price Administration must be in line with the maximum prices established under subparagraph (1) above. The manufacturer may not offer the handkerchief for sale until his maximum price has been established by the Office of Price Administration.

- (c) Retailers' maximum prices. The adjusted maximum price at which any retailer may sell or deliver, and at which any person in the course of trade or business may buy or receive from any retailer, any handkerchief made in the Continental United States from linen imported from North Ireland, shall be the price actually charged therefor by the manufacturer (less all discounts except cash discounts but not in excess of the maximum price established under paragraph (b) above), plus a markup equal to 60% of such price.
- (d) Notification of retailers. Any manufacturer or other person selling to any retailer any handkerchiefs covered by this order shall include on, or attach to, every involce therefor the following statement:

Your retail celling prices for the Irish linen handkerchiefs covered by this invoice, as established by OFA in Order No. 100 under the Maximum Import Price Regulation, may not exceed our net prices by more than a 60% markup figured on cost. These handkerchiefs may not be priced by using your pricing charts under Maximum Price Regulation No. 580.

(e) Revision, amendment or recocation. This order may be amended or revoked at any time and the Price Administrator may at any time revise any maximum price herein established so as to bring it into line with the general level of maximum prices otherwise established herein.

This order shall become effective July 30, 1945.

Issued this 27th day of July 1945.

James G. Rogers, Jr., Acting Administrator.

For the reasons set forth in the accompanying opinion, and by virtue of the authority vested in me by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, I find that the issuance of this Order is necessary to correct a gross inequity.

(a) What this order does. This order establishes maximum prices for sales of specified solid fuels made within the area described as all of the territory within a circle the radius of which is six miles and the center of which is the Court House located at the intersection of Michigan and Rose Avenues in the City of Kalamazoo, Michigan. These are the highest prices that any dealer may charge when he delivers such fuel at or to a point in the said area. They are also the highest prices that any buyer in the course of trade or business may pay for them.

(b) What this order prohibits. Regardless of any obligation, no person

shall:

(1) Sell or, in the course of trade or business, buy solid fuels at prices higher than the maximum prices set by this Order No. G-58; but less than maximum prices may at any time be charged, paid or offered;

(2) Obtain a higher than ceiling price by:

(i) Charging a price higher than the scheduled price for a service or making a charge for a service not authorized by this order.

(ii) Using any other device by which a higher than maximum price is obtained directly or indirectly,

(iii) Using any tying agreement or requiring that the buyer purchase anything in addition to the fuel requested by him except that a dealer may comply with requirements or standards with respect to deliveries which have been or may be issued by an agency of the United States Government.

(c) Schedule for sales of coal—(1) Price schedule. This schedule sets forth maximum prices for sales of specified sizes, kinds and quantities of solid fuels. Column I describes the coal for which prices are established, Column II lists the maximum prices for delivered cash sales to consumers at any point in the above described area, and Column III

lists the maximum prices for delivered credit sales. Credit terms are 30 days net, with a cash discount of 50 cents per ton on the credit price for payment within 15 days after date of delivery. A discount of not less than 2% shall be allowed from the cash price on purchases of over 15 tons for payment within 15 days of the date of delivery.

[Charlotte Order G-3 Under Gen. Order 59]
Malt and Cereal Beverages in Charlotte,
N. C., District

For the reasons set forth in the accompanying opinion, and under the authority vested in the District Director of the Charlotte, North Carolina District Office of Region IV of the Office of Price Administration by General Order No. 50, issued by the Administrator of the Office of Price Administration, and Region IV Revised Delegation Order No. 17, issued May 5, 1944, it is hereby ordered:

Section 1. Purpose of order. Order No. G-1 under General Order 50 issued by the District Director of the Charlotte District Office of the Office of Price Administration on the 30th day of June 1944, was issued for the purpose of establishing specific maximum prices for malt and cereal beverages, including those commonly known as ale, beer and near-beer, either in containers or on draught when sold or offered for sale at retail by any eating or drinking establishment, either for consumption on the premises or when carried away. Order No. G-1 under General Order No. 50 was thereafter redesignated Order No. G-2 under General Order 50 and revised and amended for the purpose of clarifying and strengthening the Order. Order No. G-2 under General Order 50 is redesignated Order No. 3 under General Order 50, and is revised and amended as herein set forth and issued for the same purpose except that specific maximum prices are established only for onpremise sale, and for the further purpose of clarifying and strengthening the Order. Maximum prices for off-premise sales of domestic malt beverages are controlled by Revised Maximum Price Regulation No. 259.

Sec. 2. Geographical applicability. The provisions of this order extend to all eating and drinking places or establishments located within the limits of the following named counties in the State of North Carolina: Alexander, Alleghany, Anson, Ashe, Avery, Euncombe, Burke, Cabarrus, Caldwell, Ca-

tawba, Cherokee, Clay, Cleveland, Davidson, Davie, Forsyth, Gaston, Graham, Guilford, Haywood, Henderson, Iredell, Jackson, Lincoln, Macon, Madison, McDowell, Mecklenburg, Mitchell, Montgomery, Polk, Randolph, Richmond, Rockingham, Rowan, Rutherford, Stanly, Stokes, Surry, Swain, Transylvania, Union, Watauga, Wilkes, Yadkin, and Yancey.

SEC. 3. Ceiling prices. (a) On and after July 10, 1944, if you operate an eating or drinking establishment, you may not sell or offer for sale any beverage subject to this order at prices higher than the applicable ceiling prices listed in the appendices hereof. You may, of course, charge lower prices at any time.

- (b) If you sell any beverage subject to this order which is not specifically listed herein, and if you believe that the maximum price specified herein for such beverage is not appropriate to such beverage, you may make application to the Charlotte District Office of the Office of Price Administration requesting that such beverage be specifically included in the appendices hereof. With or without such application, the Charlotte District Office of the Office of Price Administration may, at any time, and from time to time, add new or unlisted beverages, brands, types or sizes to-gether with maximum prices for same to the lists set forth in the appendices hereof.
- (c) You may not add any taxes to your ceiling prices set forth in the appendices hereof except those specifically provided therein, as all other taxes were taken into consideration in establishing the ceiling prices for each group of sellers.
- SEC. 4. How to figure your ceiling prices.

 (a) This order divides eating and drinking establishments into three different groups and gives each group a different ceiling price. The group to which you belong depends on your legal ceiling prices in effect during the base period of April 4-10, 1943. You must figure the group to which you belong on the basis of your correct legal ceiling prices for that period.
- (b) The group to which you belong depends on your legal ceiling prices for the beverages subject to this order in effect during the base period of April 4-10, 1943. If your legal ceiling prices for various brands and types of beverages subject to this order vary so that your ceiling prices on some brands or types seem to place you in on particular group and ceiling prices on others seem to classify you into a different group, you must classify yourself into the particular group representative of the prices at which the greater number of your sales were made. For the purpose of determining your classification as herein provided, no consideration may be given to sales of beverages listed in appendices other than Appendix A hereof. You must figure the group to which you belong as follows:
- (1) Group 1-B. Your establishment belongs to Group 1-B if, during the base period of April 4-10, 1943, your legally established ceiling prices for beverages subject to this order were the same as.

or more than, the prices listed in Appendix A hereof for Group 1-B establishments.

- (2) Group 2-B. Your establishment belongs to Group 2-B if, during the base period of April 4-10, 1943, your legally established ceiling prices for beverages subject to this order were the same as, or more than, the prices listed in Appendix A hereof for Group 2-B establishments, but were less than those provided in Appendix A for Group 1-B establishments.
- (3) Group 3-B. Your establishment belongs to Group 3-B if, during the base period of April 4-10, 1943, your legally established ceiling prices for beverages subject to this order were less than the prices listed in Appendix A hereof for Group 2-B establishments. All establishments not in operation during the base period of April 4-10, 1943, and all establishments which begin operating after the effective date of this order also belong to Group 3-B.
- (c) If your eating or drinking establishment was not in operation during the base period of April 4-10, 1943, but was in operation prior to the effective date of this order, and, if the nearest similar eating or drinking establishment of the same type is one which is properly classified in Group 1-B or Group 2-B, you may, but not later than the first day of October 1944, file an application with the Charlotte District Office of the Office of Price Administration, requesting that your establishment be reclassified into the same group to which its nearest similar eating or drinking establishment of the same type belongs. Until your application is acted upon, and unless your establishment is reclassified, it must retain the classification of a Group 3-B seller, and must observe the ceiling prices as provided for that group in the appendices hereof. All such applications for reclassification must contain the following information:
- Name and address of the establishment and of its owner or owners.
- 2. A description of the establishment showing its type (such as night club, hotel, restaurant, tavern) and the date it began operating.
- 3. The selling prices by brand name of all beverages sold since the beginning of its operation.
- 4. The name of the three nearest eating and drinking establishments of the same type and their group number as determined under this order.
- 5. Any other information pertinent to such application or which may be requested by the Office of Price Administration.
- (d) If your eating and drinking establishment begins operation after the effective date of this order, you are classified as a Group 3-B seller and may not sell or offer for sale beverages subject to this order at prices higher than those set forth for Group 3-B sellers in the appendices hereof. However, if your nearest eating and drinking establishment of the same type is one which is properly classified as a Group 1-B or Group 2-B seller, you may, within and not later than 30 days from the time you begin operating, file an application with the Charlotte District Office, requesting that your establishment be re-

classified into the same group in which its nearest eating and drinking establishment of the same type belongs. Until your application is acted upon and unless your establishment is reclassified, it must retain the classification of Group 3-B and must observe the ceiling prices as provided for that group in the appendices hereof. All such applications for reclassification must contain the same information required by paragraph (c) of this section.

(e) After you have figured your proper group number under this section and have filed the required statement with your War Price and Rationing Board as provided in Section 5, you may not change your group classification except as otherwise provided by this order.

Sec. 5. Filing with War Price and Rationing Board. (a) When you have figured your proper group under section 4 above, you must, on or before September 15, 1944, file with your War Price and Rationing Board a signed statement with the name and address of your establishment, its type (such as night club, hotel, restaurant, tavern) and the group to which it belongs. Thereupon the War Price and Rationing Board will send you a card bearing your group number. If you begin operating your establishment after the effective date of this order, you must likewise file said signed statement in this manner as soon as you begin operating.

(b) If you are now in operation and have not filed the signed statement showing the group number to which you belong as provided in paragraph (a) above, you must do so immediately. If you have failed to file said signed statement as herein required, you are hereby classified as a Group 3-B seller and you may not sell or offer for sale any beverage subject to this order at prices higher than the applicable ceiling prices listed for Group 3-B sellers in the appendices hereof. Failure to file said signed statement as herein provided is a violation of this order and also subjects you to the other penalties herein provided.

Sec. 6. Modification of prices. After you have determined your group and have put into effect the ceiling prices provided in this order for that group, the Office of Price Administration District Director for the District in which your establishment is located may direct you to charge lower ceiling prices:

(a) If, on the basis of your April 4-10, 1943 legal ceiling prices, this order, properly applied, required you to be placed into a group with lower ceiling prices.

(b) If, as a result of speculative, unwarranted, or abnormal increases, contrary to the purposes of the Emergency Price Control Act, as amended, your legal ceiling prices on April 4-10, 1943 were excessive in relation to the legal ceiling prices of other comparable establishments in the District.

Sec. 7. Exempt sales. The following sales are exempt from the operation of this order. However, unless they are otherwise exempt from price control, they shall remain subject to the appropriate maximum price regulation or order:

0

(a) Sales by persons on board common carriers (when operated as such), including railroad dining cars, club cars, bar cars, and buffet cars, or sales otherwise governed by Restaurant Maximum Price Regulation 1 (Dining Car Regulation).

(b) Sales by public and private hospitals insofar as they serve to patients.

(c) Sales by eating cooperatives formed by members of the Armed Forces (as, for example, officers' mess) operated as a non-profit cooperative (where no part of the net earnings inures to the benefit of any individual) which sells food items or meals on a cost basis (or as near thereto as reasonable accounting methods will permit), and substantially all sales of which are made to members of the Armed Forces who are members of the cooperative.

(d) Sales where the beverages subject to this order are included in, and sold as part of, a meal and where the price of such beverage is included in the price of the meal. (Such sales remain under Restaurant Maximum Price Regulation 2).

(e) Sales by the War Department or the Department of Navy of the United States through such Departments' sales stores, including commissaries, ships' stores ashore, and by stores operated as army canteens, post exchanges, or ships' activities.

(f) Bona fide private clubs insofar as such clubs sell only to members or bona fide guests of members. Whenever such clubs sell to persons other than members or bona fide guests of members, such clubs shall be considered for all sales an eating or drinking establishment and subject to this order. No club shall be considered to be exempt as a private club. within the meaning of this subparagraph, unless such club is a non-profit organization and is recognized as such by the Bureau of Internal Revenue and unless its members pay dues (more than merely nominal in amount), are elected to membership by a governing board, membership committee or other body, and unless it is otherwise operated as a private club.

No club organized after the effective date of this order shall be exempt unless and until it has filed a request for exemption with the District Office of the Office of Price Administration of the area in which it is located, furnishing such information as may be required, and has received a communication from such office authorizing exemption as a private club.

SEC. 8. Evasion. If you are an operator of an eating or drinking establishment, you must not evade the ceiling prices established by this order by any type of scheme or device; among other things (this is not an attempt to list all evasive practices) you must not:

(a) Institute any cover, minimum, bread and butter, service, corkage, entertainment, check-room, parking or other special charges which you did not have in effect on any corresponding day during the seven-day period from April 4-10, 1943. or

(b) Increase any cover, minimum, bread and butter, services, corkage, entertainment, check-room, parking or other special charges which you did have in effect on any corresponding day during the seven-day period from April 4-10,

1943, or (c) Require as a condition of sale of a beverage the purchase of other items or meals, except that during the hours from 11:30 a.m. to 1:30 p.m. and the hours from 6:00 p. m. to 8:00 p. m., any eating or drinking establishment which derives not less than 70% of its gross revenue from the sales of prepared food items (not including beverage items) sold for consumption on the premises may refuse to sell beverages subject to this order for consumption on the premises during those hours to persons who do not also purchase food items.

SEC. 9. Records and menus. If you are an operator of an eating or drinking establishment subject to this order, you must observe the requirements of General Order 50, as well as Restaurant Maximum Price Regulation No. 2, either as revised and amended or as may be revised and amended, with reference to the filing and keeping of menus and the preservation and keeping of customary and future records. Among other provisions of General Order 50, are the following:

(a) Preserve all existing records relating to prices, cost and sales of food items, meals and beverages;

(b) Continue to prepare and maintain such records as have been ordinarily kept:

(c) Keep for examination by the Office of Price Administration two copies of each menu used by the establishment each day, or a daily record in duplicate of the prices charged for food items, beverages and meals. If the establishment has customarily used menus. it must continue to do so.

Sec. 10. Posting of prices. (a) If you own or operate an eating or drinking establishment offering malt beverages subject to this order you must comply with the provisions of Order No. 2 issued under Restaurant Maximum Price Regulation No. 2 on March 10, 1945 and effective the same date, either as heretofore or hereafter revised and amended. which Order provides in part that you must on or before April 16, 1945, show on a poster to be supplied by the Office of Price Administration your lawful celling prices for all beer and other malt beverages which you offer for consumption on your premises.

(b) If you begin operating your establishment after April 16, 1945, you must obtain the price poster applicable to your establishment from your local War Price and Rationing Board and post same immediately.

(c) No establishment which fails to comply with the posting requirements or Order No. 2 issued under Restaurant Maximum Price Regulation No. 2 on March 10, 1945, and effective the same date, either as heretofore or hereafter revised and amended, may sell any beverage subject to this order at higher prices than the prices provided for Group 3-B sellers as set forth in the appendices hereof during such time as such establishment is not in compliance with said
